

We have been asked to share the following information with you.

Elmton with Creswell Parish Council, Elmton Creswell and Hodthorpe Big Local are hoping to build a new skatepark in Creswell with support from Bolsover District Council (extreme wheels) and other partners.

We need the support of our local community, to help with identifying the need, development and design of the skatepark. Therefore, collectively we have put together a survey which would help us collect this vital information.

The link is below. The survey is live. The survey closes at the end of April 2021.
