

Personal, Social, Health and Economic (PSHE) **Curriculum Statement**

Intent

Our intention is that when children leave Creswell Nursery and Infant Church of England School, they will do so with the knowledge, understanding and emotions to be able to play an active, positive and successful role in today's diverse society. We want our children to have high aspirations, a belief in themselves and realise that anything is possible if they put their mind to it. In an ever-changing world, it is important that they are aware, to an appropriate level, of different factors which will affect their world and that they learn how to deal with these so that they have good mental health and well-being.

Our Jigsaw PSHE curriculum develops learning and results in the acquisition of knowledge and skills which will enable children to access the wider curriculum and prepare them to be a global citizen now and in their future roles within a global community. It promotes the spiritual, moral, cultural, mental and physical development of pupils, preparing them for the opportunities, responsibilities and experiences for later life. Our Relationships and Sex Education enables our children to learn how to be safe, and to understand and develop healthy relationships, both now and in their future lives.

Implementation

EYFS - In the Foundation Stage, PSHE and citizenship is taught as an integral part of topic work and is embedded throughout the curriculum. The objectives taught are the Personal, Social and Emotional Development statements from 'Development Matters in the EYFS' and the PSED Early Learning Goals. Fs1 and 2 also follow the Jigsaw Scheme of Work materials to ensure continuity and progression (see below)

Key Stage 1 - At Key Stage 1, PSHE is taught through a clear and comprehensive scheme of work in line with the National Curriculum. We ensure we cover the Health and Well-Being, Relationships and Living in the Wider World Learning Opportunities set out in the PSHE Association's Programme of Study, which comprehensively cover the statutory Health Education and Relationships Education guidance.

Pupils are taught weekly PSHE lessons using 'Jigsaw' which is a spiral, progressive scheme of work, covering all of the above and 'aims to prepare children for life, helping them to know and value who they are and understand how they relate to other people in this ever-changing world'. There is a strong emphasis on emotional Literacy, building

resilience and nurturing mental and physical health. It includes mindfulness to allow children to advance their emotional awareness, concentration and focus.

At Creswell Nursery and Infant Church of England School, we teach aspects of Sex Education that is covered in our Science Curriculum such as growth and change regarding humans and animals and correct terminology for our body parts. As part of the statutory Relationships aspect we teach about different kinds of relationships, including same sex relationships and gender identity because it is important that our children should have an understanding of the full diversity of the world they live in and be prepared for life in modern Britain. The Relationships and Sex Education aspect of PSHE is also taught through the 'Jigsaw' and is taught at an age appropriate level for our children.

PSHE is taught through Jigsaw's six half termly themes with each year group studying the same unit at the same time (at their own level):

Autumn 1: Being Me in My World

Autumn 2: Celebrating Differences (including anti-bullying)

Spring 1: Dreams and Goals

Spring 2: Healthy Me

Summer 1: Relationships

Summer 2: Changing Me

The Jigsaw programme also identifies links to British Values, and SMSC and is taught in such a way as to reflect the overall aims, values, and ethos of the school.

Wider Curriculum

- We believe that focusing on developing a positive love of learning in our children will help them to build resilience, independence and confidence; embrace challenge and increase their level of happiness. We do this through the language we use in class, praising children for their efforts, and using language to encourage children to change their way of thinking. This supports both our school and PSHE aims and values.
- PSHE, including SMSC and BV, is an integral part of the whole school curriculum, and is therefore often taught within other subject areas.
- Visitors such as emergency services and the school nurse complement our PSHE curriculum to offer additional learning.
- We encourage our pupils to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community.
- Assemblies are linked to PSHE, British Values and SMSC and cover any additional sessions that would benefit the whole school.
- PSHE, BV and SMSC displays throughout school reinforce the PSHE curriculum enabling children to make links.

Impact

By the time our children leave our school they will:

- be able to approach a range of real life situations and apply their skills and attributes to help navigate themselves through modern life
- be on their way to becoming healthy, open minded, respectful, socially and morally responsible, active members of society
- appreciate difference and diversity
- recognise and apply the British Values of Democracy, Tolerance (acceptance), Mutual respect, Rule of law and Liberty
- be able to understand and manage their emotions
- be able to look after their mental health and well-being
- be able to develop positive, healthy relationship with their peers both now and in the future.
- understand the physical aspects involved in RSE at an age appropriate level
- have respect for themselves and others.
- have a positive self esteem
